

The Jenna Moriarty Foundation is committed to the advancement of the health and wellbeing of young people from disadvantaged backgrounds.

We provide grants with the aim of removing any financial barriers they or their families may have to remaining in treatment.

Before an application for a grant is made we require the beneficiary to meet these criteria:

- The beneficiary is aged between 13 and 25 years.
- The beneficiary is currently receiving treatment or support from you.
- Your professional opinion is that support should continue, but the young persons financial situation makes that unlikely or impossible.

If you believe the criteria are satisfied, please complete the form on our website, accessed via the link below:

<https://www.thejennamoriartyfoundation.org/grant-application>

Application outcomes will be communicated to you as quickly as possible, we aim to accept as many applications as we can, within our funding capacity.

In the unfortunate event of the Foundation having no available funding, the webpage may not be available.

Grant Application Terms:

We will fund up to a total of £250 per young person. This total includes fees for attended sessions, late cancelations, and non attendance.

We cannot agree to further applications or extensions, please bear this in mind when formulating a treatment plan, if your application is accepted.

Our grants are to pay the cost of sessions on behalf of the young person, for income and tax purposes this means the young person is the recipient of the funds, although we pay it to you directly.

We can only approve your application if you are registered with an appropriate governing body and confirm you meet the professional and ethical standards they set.

Invoices should be sent to The Jenna Moriarty Foundation at the end of the requested number of session, you should include a breakdown of sessions and costs.
